

SkillChoice™ Solutions

Comprehensive learning solutions for maximum business impact

Connect high-level business objectives and the employees charged with carrying them out.

Learning strategy that drives business results

Organizations need a learning solution that can meet the needs of all parts of the organization; can easily blend learning initiatives to tie in with corporate strategy and objectives; and can effectively balance with corporate IT infrastructure. SkillChoice learning solutions are designed to do exactly that.

SkillChoice offers a vast array of learning options with instant access to thousands of learning assets. Whether it's solving an immediate IT need or building a well-rounded set of business skills, SkillChoice is a powerful tool that supports learning in the workplace, from formal learning programs to performance support needs that arise in a normal work flow.

SkillChoice Complete

The most comprehensive solution available, spanning all business, desktop and IT subjects needed to keep your employees' questions answered and skills updated. Includes all resources in SkillChoice Business, SkillChoice Desktop and SkillChoice IT.

"For companies that are serious about reducing cost and establishing an insurmountable competitive advantage of making the right decisions at the right time, making relevant information available to key employees is not an option, it's an imperative."

Cushing Anderson
IDC Research Report
