

Skillsoft® Books24x7® ITPro™

Best-in-class content covering hundreds of technology topics

Skillsoft® Books24x7® ITPro™ provides on-demand access to the unabridged contents of thousands of IT and technology books and documents. The fully searchable, web-based environment is easily accessible from your desktop or mobile devices.

Millions of technical professionals around the world use ITPro to meet important business objectives, answer challenges and gain insight into the most current technologies and practices. ITPro offers recent, relevant, best-in-class titles covering thousands of IT and technology topics, ensuring that users can find the answers they need—when they need them.

For more than a decade, ITPro™ helped organizations find trusted information “anywhere, anytime.” Highly optimized search capabilities, a Books24x7 On-the-Go™ mobile-accessible site, personal folders, notes and bookmarks are all available. Users can export tables and search, browse and view every word, figure and code example from a vast array of titles. Subscribers can also share ratings and comments on the titles with others in their organization.

I use ITPro whenever I need a quick answer or solution to a computing issue. I log into ITPro before I use any other search engine or website. The ITPro resources have been invaluable.

Best-in-class titles covering thousands of IT and technology topics.

Industry-leading publishers

ITPro provides the very best titles from Apress, Elsevier Science & Technology Books, IBM Press, John Wiley & Sons, McGraw-Hill, Sybex, Oracle Press, Wrox Press and over 120 others. The diverse publishers ensure coverage across a wide range of technology topics, skill levels and instructional styles.

Users are notified of new content added weekly by “new title notification” email alerts that can be personalized to provide information only on the topics in which they are interested. RSS feeds enable users to stay apprised of specific-interest titles without the need for email messages.

Topics covered in the ITPro™ collection include:

- Business Skills for IT Professionals
- Certification and Compliance
- Cloud Computing and Virtualization
- Computer Science
- Data and Databases
- Desktop and Office Applications
- Enterprise Resource Planning
- Hardware
- IBM and Oracle Technologies
- IT Project Management
- Networks and Protocols
- Operating Systems and Servers
- Security
- Software Design and Development
- Web Development and Graphic Design
